

Hygiene Guidelines for Face-to-Face Meetings

- **Health and hygiene**

Only come for a meeting if you are healthy and have no symptoms of respiratory disease (cough, fever, sore throat).

- **Disinfection and cleanliness**

Please disinfect your hands before your meeting using the disinfectant dispenser which you will find in the entrance area of the Müller-Thurgau-Haus (MTH).

- **Keep your distance**

Please keep a minimum distance of 1.5 m from your meeting partner. Accompanying people should wait outside the building.

- **Mouth and nose coverings**

Mouth and nose coverings are mandatory in the corridors and foyers of the MTH, and you must bring your mask with you and put it on when entering the building. In the meeting room, you can choose not to wear the mask if all present are in agreement.

- **Your meeting**

Meetings must be arranged in advance by telephone or e-mail. Please arrive punctually and use the communication pillar in front of the building to call your meeting partner. If necessary, a meeting outside the building can also be arranged.

- **Positive COVID-19 test**

If you test positive within 14 days after the consultation, please inform Hochschule Geisenheim University immediately at: corona@hs-gm.de.

Your name and the date of your meeting will also be documented for traceability requirements.
