STUDY AND EXAMINATION REGULATIONS OF THE JOINTLY AWARDED DOUBLE MASTER DEGREE IN “VITICULTURE AND ENOLOGY – VITIS-VINUM” (VIVM) DELIVERED BY THE TVG CONSORTIUM

First agreed by the TUG Consortium during the plenary meeting held at Geisenheim on 1st – 3rd November 2014. Last revision in September 2025.

Purpose of the Study Regulations

The purpose of these Study and Examination Regulations is to regulate the administrative and pedagogical management of the double Master Degree in “Viticulture and Enology – VITIS-VINUM” (VITIS-VINUM) and the study process as well as the delivery of final documents.

PART I

BASIC INFORMATION

1. Provider of the VITIS-VINUM Program

1.1. Organization

The VITIS-VINUM Master's program is offered and managed by the TVG Consortium. This Consortium is an association of the universities of Torino (UniTo), Verona (UniVr) and Geisenheim (HGU) of Master's level education in Viticulture and Enology, Wine Economics and related activities.

The members of the TVG Consortium:

- Università degli Studi di Torino; Via Verdi, 8; I-10124 TORINO, on behalf of the “Convenzione tra le Università degli studi di Torino, Milano, Palermo, Sassari, Foggia per il funzionamento del Corso di Laurea Magistrale Interateneo Internazionale in Scienze Viticole ed Enologiche (classe LM 70)”
- Università degli Studi di Verona; Via dell'Artigliere, 8, I- 37129, VERONA, on behalf of the “Convenzione tra le Università degli studi di Udine, Padova e Verona per la gestione del Corso di Laurea Magistrale in Viticoltura, Enologia e Mercati Vitivinicoli (classe LM 69)”
- Hochschule Geisenheim University; Von-Lade Str. 1; D-65366 GEISENHEIM

1.2. General principles for decision making and management responsibilities

The Management of the VITIS-VINUM double degree program is organized on two levels:

For the general coordination of the project all major decisions are taken by the TVG Consortium Committee. For the pedagogic and administrative running of the project the Italian TVG partners are in charge for the first year, the German partner for the second year.

The program and the management of the modules are decided locally according to the general orientations jointly defined at Consortium's level.

2. Aim of the VITIS-VINUM Master's Program

2.1. Aim

The aim of the Italian-German double degree program Master of Science (M.Sc.) "Viticulture and Enology - VITIS-VINUM", is to strengthen and formalize the already existing links and collaborations between partners, e.g. double degree Bachelor's program between Udine and Geisenheim and Doctorate agreement between Torino and Geisenheim and hence to train motivated people at a high scientific master level for higher positions in Wine Estates and Wineries or for a scientific career in Viticulture, Enology and Wine Economics.

2.2. Target Group

The VITIS-VINUM double degree program is open to students with a completed Bachelor's Degree in Viticulture, Enology, Food Science, Plant Production or closely related subjects and a sound knowledge of Italian or English (B2 according to the Common European Framework of Reference for Languages CEFR). For the second year at Geisenheim an English language proficiency level of B2 is required.

3. Structure of the VITIS-VINUM Master's Program

The Master's program VITIS-VINUM is a consecutive program and consists of two study years. The first year of VITIS-VINUM corresponds to first year of the "Corso di Laurea Magistrale in Scienze viticole ed enologiche – SVE" (curricula "Fondamentale" and "International") at the University of Torino or the "Master's degree in Viticulture, enology and wine marketing (interuniversity)" at the University of Verona.

The first academic year which starts in autumn is delivered by one of the Italian partners Torino or Verona (60 ECTS credit points) in English or Italian (curriculum "Fondamentale" of UniTo only). The Italian partner is responsible for the management of the VITIS-VINUM program of the first year at the own university.

All students have to follow the second academic year at Hochschule Geisenheim University (60 ECTS credit points). The teaching language for the second academic year is English. Hochschule Geisenheim University is responsible for the management of the second academic year.

An overview of the program of the first and second year is given in appendix 1.

The organization and administrative management of the study program follows the national regulations of the respective university in which the student is enrolled except for the regulations concerning the Master's Thesis and the defense (see sections 14.1 and 14.2) which are determined in these study regulations.

4. Enrollment and Registration Fees

In the first year the students are enrolled at the respective university at Torino or Verona and in the second year at Geisenheim and at the Italian universities of Torino or Verona. At Hochschule Geisenheim University currently no tuition fees but a registration fee has to be paid. This fee covers a liability insurance, the participation for the student association, a public transport ticket and an administration part. At the Universities of Torino and Verona the rules are approved each year by the Academic Senate and published in a specific fee regulation.

5. Accreditation and Quality Management

The accreditation certificates can be displayed on the partners' website.

Part of the internal quality management are regular module and program evaluations.
