### ASTA NEWS

... and suddenly, summer's here! Thanks to extensive easing of the restrictions, many restaurants and "Straußwirtschaften" have reopened. Right in time to enjoy the (mostly) sunny weather!

This will be our final newsletter for the summer semester, so we want to wish you all good luck with your exams and congratulate the alumni in advance.

But until we all say goodbye (at least for a few months), the university will continue largely online. We have summed up all latest information here. Further changes will be announced on the university's [website](#), as well as via email.

The [hygiene plan](#), which will be intact on campus for the remainder of the semester, has also been updated recently.

Please direct your feedback to the university about the online semester via this survey: <https://evaluation.hs-gm.de/evasys/online.php?p=P93CE>.

Remember to be constructive with your criticism!

Feel free to contact us with any questions that might come up.
