# Preface

**November is here — and with it come shorter days and longer nights!**

**It's hard to believe that a month of the semester has already passed. The days are getting shorter, the weather is getting grayer — but that doesn't mean we have to hide away at home!**

**There's plenty going on on campus in November too: At the Fassabende, you can treat yourself to a warm bratwurst in the cold weather and end the day in a cozy atmosphere. You can also look forward to cozy game nights at YouCa or a spirits tasting on November 24.**

**So let's not let the gloomy weather spoil our student life, but let's make the dark season a little brighter together!**

To be a board member, you should have experience in group management and organization. You should be motivated to plan, organize and cooperate with other legal bodies of the university, as well as with students & lecturers and know the tasks of the AStA.

What you bring with you:

- Punctuality and reliability
- Initiative and the ability to work in a team
- Supporting the AStA at major events

What we offer:

### Did you know? Erasmus+ Update!

Starting next year, there will be a great new feature in the Erasmus+ funding program for studying and internships abroad: in addition to the monthly allowances, there will now be a travel allowance on top! The amount of the allowance depends on the distance to the destination country and is higher if low-emission travel is used (e.g. train, bike or carpooling).

#### What does this mean for you? Here is an example:

For a four-month semester at the Norwegian University of Life Sciences in Norway, you will receive €600 per month. If you are eligible for the "Social Top Up" (see QR code for more information), you will receive an additional €250 per month, bringing your total to €850 monthly. Additionally, you will receive a €309 one-time allowance for your travel expenses. Are you traveling by train? Great! Then you will even receive a travel allowance of €417.

As part of this project, we have already successfully set up so-called "alumni hubs" (regulars' tables) in Georgia, Armenia, and Kosovo. For long-term networking, we are launching an **international alumni podcast** in November.

To launch this podcast, we will be holding a livestream with a live recording of the first episode on **November 13**. We invite all HGU students to join us online and get to know the international network.

# EVALUATION

Dear students,

During your studies, you will be regularly invited to participate in surveys evaluating university life and the courses you attend.

**The first-semester and satisfaction surveys (see below) will begin on November 14, 2025.**

But what exactly does 'evaluation' mean in this context?

**Evaluation** refers to the analysis and interpretation of data that measure the impact of processes, institutions, and individuals. In most cases, this data is collected through various surveys. These surveys are essential for ensuring the quality of teaching and learning at the university.

At the end of each semester, you will be asked to participate in course **evaluations** by completing an online survey about the seminars and lectures you have attended. The results of these surveys are crucial for teachers to further develop their courses.

You will also be asked to participate in three major surveys during your studies:

1. **First semester survey:** This survey aims to capture your impressions of your first weeks at university. We would like to learn about your experience starting out, and whether there are ways to improve the beginning of your studies.
2. **Satisfaction survey:** This takes place in your third or fifth semester and gauges your satisfaction with your studies so far. It also asks about possible areas for improvement and the general conditions at the university.
3. **Graduate survey:** This survey provides an opportunity to reflect on your studies and your preparation for your career after graduation.

**Your input is vital to helping the university continue to develop its courses and teaching. Every voice counts, especially since we're such a small institution.**

Thank you very much for your support!

Your Evaluation Team

## GREEN OFFICE

### Let's GO: Updates from the Green Office

Welcome to the latest updates from the Green Office at Hochschule Geisenheim University. Our dedicated team of four full-time employees and five student workers is committed to advancing sustainability in research, teaching, and operations.

## WHAT'S NEW?

### Farewell :(

We bid farewell to our team member Meike and extend our heartfelt congratulations on her graduation! Thank you, Meike, for your creativity and dedication in supporting us so actively over the past year. We wish you all the best for your future endeavors!

### A Living Wall for the Müller-Thurgau Building

In March 2025, we launched a summer school on green roofs and façades in collaboration with TH Bingen. After a jury selection, three concepts were awarded and will serve as the foundation for the upcoming implementation. As a first step, the Müller-Thurgau Building will receive a so-called „Living Wall.“ This wall-mounted greenery enhances the microclimate and air quality on campus and will also be used as a practical teaching example for sustainable building design. Additional greening measures are already in planning and will continue into the next year.

# FOUNDATION FACTORY RHEINGAU

**Celebrating the best start-up ideas together!**

**The Rheingau-Taunus Start-up Award will reach its final stage on 12 November. Nine pitches, three categories, lots of great ideas, and you're invited!**

Anyone who has ever been there knows it. When nine ideas and start-ups pitch for places in the GPRT final at EBS University in Oestrich-Winkel much more than just a thrilling competitive atmosphere arises. Rather, it is the inspiring spirit of creative and diverse ideas that spreads throughout the auditorium and infects both the audience and the jury in the best possible way.

As in previous years, the competition will be divided into three categories. Three final ideas from schools and universities, three start-ups from universities and three start-ups from the Rheingau-Taunus district will compete for a total of EUR 9,000 in prize money.

The jury and the audience will decide who comes out on top. Your vote counts. Cast your vote for your favourites... there are also some "Geisenheimer" who need your support.

Want to experience this live? Here's your chance. The final of the Rheingau-Taunus Start-up Award will begin with a get-together in the old canteen of EBS University on **12 November 2025 at 5.30 p.m.** The pitches will begin at 6 p.m. During the jury break, there will be plenty of opportunity to get to know the founders and guests over drinks and snacks.

All you have to do is click on the following link and register for the event:

<https://gruendungsfabrik-rheingau.de/kalender/das-finale-gruendungspreis-rheingau-taunus-2025/>

The poster is blue with white and yellow text. It features a large yellow circle on the left with the text 'EUER VOTING ZÄHLT'. Below this is a small trophy icon. The main text reads 'ERLEBT DAS FINALE. FEIERT DIE BESTEN IDEEN!' followed by 'GRÜNDUNGSPREIS RHEINGAU-TAUNUS' in large white letters. Below that, it says 'AM 12.11.2025 AN DER EBS UNIVERSITÄT'. At the bottom, there are two yellow boxes with the text 'Get-together und Campus-Führung ab 17:30 Uhr' and 'Finale ab 18 Uhr'. The bottom of the poster features a row of logos for various sponsors and partners, including the Rheingau-Taunus-Kreis, Hochschule Geisenheim, EBS Universität, and others.
